SUMMARY

Computer Science student with a strong interest in Artificial Intelligence, Machine Learning, and Computer Vision. Experienced in building real-world AI-based applications using Python, FastAPI, TensorFlow, and OpenCV. Passionate about developing practical solutions through hackathons, projects, and collaborative work.

TECHNICAL SKILLS

Programming Languages: Python, C++, SQL, JavaScript, Java

Deep Learning Frameworks: TensorFlow, PyTorch, Scikit-learn, OpenAI API, Groq API

Libraries & Tools: NumPy, Pandas, OpenCV, Git, GitHub, FastAPI, Flask, PostgreSQL

PROJECTS

SwasthRakshak

Sept 2025

AI-Powered Healthcare Assistance System

Python, FastAPI, PostgreSQL, OpenAI, ElevenLabs

- Developed an AI-powered healthcare assistant integrated with WhatsApp
- It processes text, voice, and image inputs to provide real-time medical guidance and support

AI-Powered CCTV Threat Detection System

Nov 2024

Computer Vision & Real-Time Surveillance System

Python, OpenCV, TensorFlow/PyTorch, Flask, Hugging Face

- Developed a real-time CCTV surveillance system
- It detects suspicious activities and potential threats using computer vision and deep learning models

EXPERIENCE

SIH Participant

March 2025 – Dec 2025

Smart India Hackathon 2025

Remote

- Collaborated in a team environment to implement the idea
- Developed an AI-powered healthcare assistance platform integrated with WhatsApp
- Contributed to backend integration and AI workflow planning

PR & Outreach Lead

Jan 2025 – May 2026

UX Club, VIT Bhopal University

Bhopal, MP

- Led public relation and outreach initiatives for the club
- Connected with many industry professionals, developers, and tech communities on LinkedIn and Apollo
- Successfully invited well-known tech speakers and professionals to participate in club events

EDUCATION

Vellore Institute of Technology

Bhopal, MP

B. Tech in Computer Science and Engineering

Sept 2023 – Present

St. Xavier's Higher Sec. School

Jabalpur, MP

Completed X and XII in Science Stream(PCM)

Apr 2008 – May 2023

CERTIFICATIONS

- Google IT Support Professional Certificate – Google
- Introduction to Internet of Things (IoT)
- Foundations of Artificial Intelligence and Machine Learning Concepts
